

AYAAN SIDDIQUI

FULL-STACK DEVELOPER

WORK EXPERIENCE

NASA SPACE APPS Hackathon

KARACHI - PAKISTAN

2023 -2024

Worked as a web developer for my team, designing a visually appealing UI using Figma and developing the frontend with HTML, CSS, JavaScript, and Python. Contributed to presenting advancements in space geology by creating an interactive 3D model for the Chronicles of Exoplanets.

Zayd Packages

KARACHI - PAKISTAN

2024 -2024

This was a freelance project where I developed a website using React.js for the brand, helping the company attract more organic clients.

Innovative Pulser

KARACHI - PAKISTAN

2025 -2025

This was a one-month project where I developed websites using WordPress for the brand, enabling them to offer paid event tips to their audience.

Lets Grow More

KARACHI - PAKISTAN

2023/Aug -2023/Sept

Completed a remote internship as a web developer, utilizing HTML, CSS, JavaScript, and the MERN stack to develop a comprehensive student management system and automate employee card processing.
